16. Earnings per Share

Basic earnings per share is calculated by dividing the net income attributable to ordinary shareholders by the weighted average number of ordinary shares which are held by third parties during the period.

For the calculation of diluted earnings per share, the Company assumes that warrants of the Group given to directors, management and employees that can be exercised are converted to ordinary shares. The exercise of those warrants results in the adjustment of the net income of the Group recognized in the separate financial statement, together with reductions in shareholding portion. The number of diluted shares is calculated by using a market price (average market price of the Company's ordinary shares during the period) and exercise prices. This calculation is prepared to determine the number of ordinary shares to be added to ordinary shares held by third parties for the calculation of diluted earnings per share.

23. Proceedings Regarding the Central Administrative Court's Ordering the Temporary Suspension of Projects in the Map Ta Phut Area

On June 19, 2009, the Stop Global Warming Association and 43 persons filed a complaint with the Central Administrative Court (the Court) for the Case No. Black 908/2552, against eight government agencies, together with a motion seeking the Court injunction to temporarily suspend all operations and activities of 76 industrial projects in the Map Ta Phut area in Rayong province.

On September 29, 2009, the Court ordered the temporary injunction by requiring the eight accused government agencies to issue the order to temporarily suspend the 76 projects until the final judgement had been made or ordered had been amended, except for projects or activities which had received the permits before the effective date of the Constitution B.E.2550 (2007) or projects which were not required to submit the Environmental Impact Assessment (EIA) reports pursuant to the Notification of the Ministry of Natural Resources and Environment dated June 16, 2009. The 25 projects of the suspended projects belonged to the Group, three of which belonged to the Company.

On October 16, 2009, the Group, as an interested person, submitted an appeal objecting to the Court injunction to the Supreme Administrative Court.

On November 13, 2009, the Prime Minister appointed a committee, which comprised representatives from the public, government, experts and private entrepreneurs (the Four-Party Committee), to solve the problem of compliance with Article 67 Paragraph 2 of the Constitution B.E.2550 (2007).

On December 2, 2009, the Supreme Administrative Court issued an order No.592/2552 amending the injunction of the Court by requiring the eight accused government agencies to order the temporary suspension of the projects or activities listed in the complaint except for 11 projects, which would apparently not cause severe impact since they are merely intended to control or minimize the pollution or install additional equipment. From these 11 projects, seven projects belonged to the Group, comprising one project of the Company and six projects of other companies in the Group. The Company has invested a total of Baht 22,690.55 million in its two projects under the temporary injunction. The Supreme Administrative Court considered these 11 projects (information as at March 31, 2010).

On December 18, 2009, the public prosecutor submitted an answer refusing all allegations in the complaint.

On December 28, 2009, the Company, as an interested person, submitted a motion to amend or revoke the temporary injunction to the Court, since the facts which the Court has based its decision upon, have changed.

On December 29, 2009, the Ministry of Natural Resources and Environment issued the Notification of the Ministry of Natural Resources and Environment regarding Prescribing the Criteria, Procedures, Regulations, and Guidelines for the Preparation of Environmental Impact Assessment Reports (EIA reports) for Projects or Activities that may cause severe impact on the Environment, Natural Resources, and Health of a Community, which the Health Impact Assessment (HIA) were included.

On January 22, 2010, the Court dismissed the Company's motion to amend or revoke the temporary injunction submitted to the Court on December 28, 2010. The Court's rulings on each issue are as follows:

◆ In the case that the projects or activities are not required to submit the Environmental Impact Assessment (EIA) reports pursuant to the Notification of the Ministry of Natural Resources and Environment dated June 16, 2009, it is the fact that the claimants can verify with the Office of Natural Resources and Environmental Policy and Planning.

23. Proceedings Regarding the Central Administrative Court's Ordering the Temporary Suspension of Projects in the Map Ta Phut Area (Continued)

◆ In the case that the projects or activities received the permits prior to the effective date of the Constitution B.E.2550 (2007), it is the fact that the claimants can verify with the officers who have permission authorities pursuant to the relevant laws.

◆ In the case of the projects or activities which would apparently not cause severe impact to a community, according to the guidelines provided by the Supreme Administrative Court dated December 2, 2009, the Supreme Administrative Court had considered that there were 11 projects in accordance with the guidelines. Hence, the Court deemed that such consideration was final, and therefore this issue could not be reconsidered.

◆ The Court considered that the facts presented in the motion were the facts which had been presented to the Court both in the Court and in the Supreme Administrative Court's hearings. There was no change in the facts, and therefore the Court had insufficient reasons to order according to the motion.

On February 11, 2010, the public prosecutor filed a petition to the Court seeking the Court's allowance for 12 temporarily suspended projects, two of which belonged to the Group, to continue the construction until completion and performance of test-run on the machinery and systems on the condition that the project would not be able to operate. The petition was on the ground that there was the inevitable necessity to perform the action sought otherwise it would be resulted in serious damage which would be almost irreversible.

On February 19, 2010, the Company submitted an appeal to the Supreme Administrative Court requesting the amendment or revocation of the injunction for two projects of the Company which were not the projects or activities that may cause severe impacts on the environment, natural resources and health in terms of both fact and law.

On February 24, 2010, the Court ordered that the eight accused government agencies allow the 12 projects, including two projects of the Group, to continue the construction until completion, install machinery and equipment, and perform test-run on the machinery and related systems on the condition that the project would not be able to operate until the final judgment had been made or the order had been amended.

On April 19, 2010, the Court gave the order rejecting the Company's appeal requesting the amendment or revocation of the injunction dated February 19, 2010. The Court considered that its order dismissing the Company's motion to amend or revoke the temporary injunction was final and could not be appealed.

Consequently, it was necessary for the Company to submit an advance notice to the listed company in accordance with the agreement advising that the Company would not renew the agreement. On December 3, 2009 the listed company submitted a claim with the Thai Arbitration Institute (the "Institute") requesting the Company and the associate as a seller and a supplier respectively to comply with the agreement by continuing to sell the product to the listed company or by mutually paying for an indemnity.

On February 10, 2010, the associate submitted a petition with the Institute to dismiss the claim against it from case-list. Subsequently, the arbitrator ordered in favour of the associate dismissing the claim on its part from the case-list.

The Company authorized the case to the Office of the Attorney General to submit a statement of defense with the Institute. Currently, the public prosecutors are preparing the said statement. Then, the Company's arbitrator will be appointed and the case will proceed in accordance with the Arbitration Act B.E. 2545.
